CHILDREN IN CARE

Name of Designated Teacher: Mr Colin Jones

Name of Designated Governor: Mrs Alison Ryan

Definition

Children in care (previously referred to as Looked After Children) are those in public care and are either –

- Subject to a Care Order or Interim Care Order, living either at home or away from home. The Local Authority has parental authority which it then shares with the parents in a prescribed way.
- Accommodated with friends or relatives, foster care or residential homes – parents retain full parental responsibility.
- Remanded into care.

A private agreement is not public care - when a child lives with friends or relatives by private arrangement and these children are not designated as Looked After.

Aims

- To provide a safe and secure environment, where education is valued and there is a belief in the abilities and potential of all children.
- To support our children in care and give them access to every opportunity to achieve their potential and enjoy learning.
- To fulfil our schools' role as corporate parents to promote and support the education of our children in care, by asking the question, 'Would this be good enough for my child?'

Rationale

- The national outcomes for children in care in terms of educational achievement and subsequent life chances are of real concern.
- It follows that children and young people who are looked after need special treatment and positive discrimination in their favour if this situation is to be improved.
- For children in care this school aims to provide positive experiences and to offer stability, safety, continuity, and individual care and attention.
