

EPCHS Code of Conduct

VISITORS

COVID-19 Protocols

It is really important that we all understand the protocols and procedures that are in place to protect everyone's safety and welfare. A comprehensive risk assessment has been carried out with control measures introduced across the school.

We are asking visitors to sign this document to say they have read and understood the risk assessment and protocols in place at EPCHS.

The following control measures/protocols have been introduced.

- **You should only visit our school if you are well enough to do so. If you have any symptoms of COVID-19 you should not visit our school, if you develop symptoms while in our school you should leave immediately.**
- Hand sanitiser gel dispensers have been installed around school and in every classroom.
- Doors and windows will be open (where possible) to ensure adequate air flow and reduces the need to touch doors and surfaces.
- Housekeepers will be cleaning all surfaces across the school throughout the day to ensure infection possibilities are limited.
- Personal Protective Equipment (PPE) is available for the visitors who are unable to adhere to 2 metre social distancing while in our school.
- **Social distancing should always be observed of a minimum of 2 metres at all times.**
- Movement around school will be restricted, where possible.
- Our one-way system should be followed at all times.
- Break areas should only be used if social distancing can be observed.
- Please remember the good practice with handwashing and hygiene, posters are up to promote this.
- Smart/casual workwear should be worn, with freshly laundered clothing worn each day.
- You must bring your own drink; no water fountains are in use.

I (insert name)..... confirm that I have read and understand the risk assessment and protocols set by EPCHS and understand that failure to follow these will result in me being asked to leave.
