

EPCHS MUSIC DEPARTMENT: LEARNING JOURNEY YEAR 9

SONG WRITING

Discover how a popular song is constructed and what musical devices are used to create one.

Using a DAW and different musical instruments create and produce your own song.

TOP TIPS FOR PARENTS

Does your child have a computer at home? Encourage them to download a free music software programme and create their own music at home.

THE RECORDING STUDIO

Learn about the recording studio and how, in the Music Industry, this operates. Learn about the roles within the studio and the equipment and setup used in many recording studios today and in the past.

ENRICHMENT

INSTRUMENT SKILLS

Develop your knowledge about common structures in music and how it is planned. Compose your own piece and perform / record it.

LEARNING ABOUT THE "DAW"

Learn what a DAW is and its components. Explore the DAW's features and practice inputting composed and existing music into a DAW.
