

A Pentecost Prayer

Welcome Holy Spirit,
In the silence of a still night's
fearful thought you come
Comfort in the sleepless worries
Gentle in the rising doubts
Forgiving all our handmade hurts
Patient in our pointless hurry
Counseling as the waves come
crashing,
"Be still and know that I am God"

Wonderful counselor, comforter,
God with us
You will never abandon us
You will always be with us
Your promises are sure
Help us to give like you,
forgive like you, live for you
Amen

Ellesmere Port Catholic High School

Our Vision...
Excellent teaching.

Our Vision...
Strong Catholic ethos.

Our Vision...
Ensuring every child is known.

Our Vision...
High expectations of everyone.

Our Vision...
Excellent leadership at all levels.

Our Vision...
Exemplary behaviour and personal standards.

Our Vision...
At the heart of the community.

Our Vision...
Keeping children safe in education.

Headteacher Message

Dear Parents/Carers,

We had a wonderful Leavers Mass today and wish all our leavers the very best of luck for the their futures.

I hope that you all have a very relaxing half term break and look forward to the welcoming our students back for the second half of the summer term.

Mrs Vile

Inspirational Lecture for EPCHs Physics student's

Last Friday Year 13 and Year 12 Physics students were given a lecture by Professor Phil Allport from Birmingham University where he lectures on Particle Physics and is also a key member of the Physics team within CERN and chairs the European Committee for Future Accelerator Detectors Panels on the ATLAS Detector at CERN. The lecture lasted 40 minutes and covered various topics: A' Level Particle physics, the discovery of the Higgs Boson and CERN both past and present and beyond the future upgrade to CERN. When the lecture was over Phil opened the floor to a question-and-answer session in which several students engaged asking fundamental questions about particle physics and the concepts that surround Particle Physics.

I would like to thank Phil for giving up his time to give the lecture at EPCH's and thank the students for their engagement during the lecture.

The High Luminosity LHC at CERN
20th May 2022; Ellesmere Port Catholic High School

Phil Allport
Professor at University of Birmingham and Chair of the European Committee for Future Accelerators Detector Panel

- Introduction to Particle Physics
- The Large Hadron Collider at CERN
- The ATLAS Experiment
 - Detector Overview
 - Higgs Discovery
- HL-LHC Upgrade
- ... and Beyond

Carer's Week 6th-12th June 2022

Carers Week is an annual campaign run by Carers UK that is brought to life by thousands of individuals and organisations coming together to provide support for carers, run activities, highlight the vital role carers play in communities and draw attention to just how important caring is.

An exciting schedule of events is planned across west Cheshire during Carers Week from 6 to 12 June to recognise the significant contribution unpaid carers make.

Find out more: [Carer's Week 6th-12th June 2022](#)

Kind regards,

Emma

University of Southampton

A group of y10 and y8 pupils will attend Able Linguist days offered by University of Southampton in June.

They will spend the day experiencing the kind of lectures a Languages undergraduate has, to see what language learning at university is like. From finding out about the Paris suburbs, to 'What is Linguistics?' there will be something to capture everyone's imagination. They will be able to try something new; Swedish, Bulgarian, Japanese, Portuguese and Norwegian, among other languages, are on offer.

Mrs H Marcano,

COSMIC CAPE EVENT– 28th May 2022

Hi all,

We have collaborated with **Cosmic Cape MUSIC FESTIVAL 28th May in Ellesmere Port**. The festival will be hosted by BBC Music Introducing's Dave Monks and will champion the very best new music, art and street food from across the Northwest. If you are interested in going to the event we have a discount code for staff and pupils. This is a non-profit event, with all proceeds going to The Hospice of the Good Shepherd Charity. You can also find out more at the official festival website <https://www.cosmiccape.co.uk/>

For 2 days, from 7am 15th June to 10 pm 17th June, all Languages students will compete in the global Nutty Tilez online language competition against almost 10,000 other students across the globe, typing target-language words quickly and accurately, in an attempt to be crowned Nutty champion!

Nutty Tilez is a realtime, multiplayer game for learning French, Spanish, German, Italian, English and Latin vocabulary. Students can play against their classmates as well as other students around the world as they compete over 50 levels. The competition is fierce, with points, coins and leaderboards driving the inter-class, inter-school and international rivalry!

Your child will have been given a profile by their Languages teacher and can now access the resource.

Please encourage your child to do as much as they can, especially during these 2 days.

Languages Team.

MORE JOBS FOR YOU

Systems Engineers (all levels)

SCS Railways are looking for Systems Engineers from all industries and backgrounds to join the team working to deliver the HS2 London Tunnels project. HS2 is the UK's new high speed rail network, and the scope of works for SCS Railways includes bored tunnels, shaft sinking, bridge demolition and reconstruction, utilities diversions, earthworks and the construction of site compounds between Euston to West Ruislip.

Control & Automation Engineer

At Silverstream, we have successfully developed and deployed a market-leading clean marine technology solution over the last ten years.

This key role is to provide Marine Control & Automation (C&A) subject matter expertise to the Silverstream Technologies business. You will be involved in a wide range of activities from developing and maintaining the core control and automation solution, applying it to projects and supporting the in-service fleet.

Software Engineers

We have a number of unique opportunities for Software Engineers across our growing Cyber Security and Electronic Warfare portfolios. We collaborate with Government Agencies and the Defence sector on the next generation of state of the art Cyber Defence solutions, such as Government grade data encryption, as well as protecting against loss of life with our Force Protection technology (Electronic Countermeasures).

Celebrating International Women in Engineering Day 2022

The University of Chester is pleased to invite year 10 girls from local schools to an inspiring day of STEM workshops to mark [International Women in Engineering Day 2022](#).

Taking place on **Wednesday 22nd June 2022, 09:30 - 14:00**, the event is for girls in year 10 with a keen interest in science subjects including Maths, Physics, Chemistry, Biology and Computer Science. The day celebrates the amazing work that women engineers around the world are doing to support lives and livelihoods every day.

Attendees at the event will:

- Explore how vital core science subjects are in developing inventors and innovators of the future.
- Be challenged by engaging in workshops delivered by our academic teams taking well known subjects in new directions.
- Find out how science subjects can lead into a wide range of careers and experiences.
